Advice for attending college fairs

1. Bring address labels. This saves you LOTS of time and you can visit more booths.
2. Don't wait in long lines!!! Visit the colleges that don't have long lines. You may get more scholarship money from one of those schools than from the more popular ones. All of the colleges are there because they have money to give away for your education.

A Winning Approach to the College Search: What should I do at a college workshop?

1. Describe your admission criteria. What are my chances of admission?
2. What are your college entrance test requirements? When are you deadlines?
3. Must I apply separately for financial aid?
4. What types of scholarships does your school offer and what are the criteria? How do I apply?
5. Which departments or programs do you consider outstanding?
6. Why would a Colorado student come to your school?
7. What percentage of students who start as first year students graduate in 4 years? In 5 years? What percentage transfer to other colleges?
